

STUDENT CODE OF CONDUCT

Expectations:

171 is dedicated to cultivating an environment where our community feels comfortable being themselves, having fun, and exploring their artistic sides. Students are expected to compose themselves in a manner appropriate to collective learning and demonstrate a willingness to collaborate. Respect shall govern the relationships between students, faculty, staff and members.

Code of Conduct:

- Be kind and polite!
- Arrive and leave quietly as a courtesy to other classes.
- Listen to faculty instructions and follow directions.
- Work independently and not interfere with the work of others.
- Refrain from disruptive behavior of any sort.
- Be respectful to all students, faculty, and staff.

If an individual cannot abide by these basic rules, they will be asked to leave the classroom. Any form of harassment, physical violence, or behavior that is inappropriate, disruptive, or unsafe will not be tolerated. A signed behavioral contract may be required as a term of continued attendance by the student and their guardian. Continuing behavior problems may result in a student being permanently dismissed from class. In the event of dismissal, no refund will be issued for the course registration.
